

Monaco Retractable Fabric Awning System

Mullin Direct Wholesale

Cover your Patio or Deck with Style!

Create a cool, shady space on your patio or deck with a retractable awning.

Lateral Arm
Awning

la*

Open your patio to sunshine with the push of a button or the turn of a crank.

Imagine covering your deck or patio with up to 230 square feet of comfortable shade, with an awning that extends and retracts from its optional compact, year-round storage unit.

Choose from dozens of colors and stripes to match your home's personality. You can select from manually operated or motorized models. Motorized models are available with a manual switch or automatic controls to adjust the awning's projection according to wind or sun.

Suggested Retail Price 5-1-2000

Monaco Awnings are available **in these exact sizes only.**

		P r o j e c t i o n				Hood and Side Covers
		6'-11"	8'-6"	10'-2"	11'-8"	
W I D T H	10'	1,189				378
	12'	1,329	1,469	1,609		418
	14'	1,469	1,609	1,749	1,889	478
	16'	1,609	1,749	1,889	2,029	518
	18'	1,819	1,959	2,099	2,239	558
	20'	1,959	2,099	2,239	2,379	598

Note: see chart on back for minimum widths and optional motors.

Retractable Awning System Motors & Controls

Somfy tubular motors fit *inside* the roller at the top of the awning. Add the 'Sun-Wind' controller to make your awning fully automatic: when the sun comes up, the awning extends; at night it retracts; if the wind becomes strong and gusty, the awning retracts.
